

NAZIS CAPTURE ROME; ALLIES SEIZE TARANTO

Italian Capital Falls After Fight

BERNE, Sept. 10.—(AP)—A frontier dispatch to Zurich's *Die Tat* today said it had been learned from Rome that British forces landed at Ostia, Port of Rome, and engaged German divisions near the Italian capital.

LONDON, Sept. 10.—Germany officially reported the capture of Rome today after a furious battle between Italian and Nazi forces and claimed the seizure of Naples, all of northern Italy, Albania and other strategic Balkan areas as far east as the Dodecanese Islands after many clashes with Italian troops.

An Italian Stefani broadcast from Rome, said German and Italian authorities had reached an agreement by which Nazi troops will stay in the outskirts of Rome but would occupy the city's radio station and central telephone exchange.

The Italian news agency said negotiations were started yesterday with the Germans and that Gen. Calvo di Bergholfo had been appointed military commander of the Rome garrison with one infantry division reserved to maintain public order in addition to the regular police.

The Nazi propaganda tone of broadcasts from the Rome radio indicated that it had fallen into German hands.)

Promise to Protect Vatican City

Strong German forces under Nazi Field Marshal Albert Kesseling "launched an attack on Rome and presented an ultimatum" to the city which capitulated after attempting to fight off the Nazis with powerful forces, a German communiqué broadcast by the news agency DND said.

The German wehrmacht (armed forces) will take over protection of Vatican City, the communiqué said, adding that the commander in chief at Rome had surrendered an area extending 50 kilometres (about 31 miles) around Rome.

Three Greatest Italio Warships Escape Germans

LONDON, Sept. 10.—(CP)—The London Daily Mail said today that Italy's three 35,000-ton battleships, the Littorio, Vittorio Veneto and Impero—had escaped with a fleet of cruisers, destroyers, aircraft carriers and now are steaming for Allied ports.

Other London morning newspapers carried the same report, quoting the Rome radio.

The Mail's account of the escape of the three dreadnoughts that British warships are providing protection as the Italian ships steam westward down the west Italian coast.

LONDON, Sept. 10.—(BUP)—The Algiers radio said late today that an Italian plane had just landed on an allied air field in North Africa and others were seen approaching.

Hitler Admits

Nazis May Lose Some Territory

Exclusive to The Edmonton Bulletin

LONDON, Sept. 10.—Adolf Hitler admitted yesterday that the Italian surrender to the Allies as a "shameful betrayal" and said the fate of Germany and Italy is "inextricably connected."

Hitler also asserted to the German people that the capitulation of Italy was of little military importance but admitted that "We may have to cede some territory."

He also said that the Italian people had been "betrayed" by saying: "I see the time has come to speak again to the German people."

He thus broke a silence of nearly six months. His last reported public speech was on Herren's Memorial Day, when he addressed the Berlin army museums. Proclamations by the Fuehrer were read on Feb. 24 and April 10 this year.

COLLAPSE FORESEEN

"The Italian collapse was foreseen but was not owing to lack of appropriate Italian opposition," he said. "It was the result of German assistance, but owing to the failure or will of all those elements which by systematic warfare have caused the collapse."

Italy was obligated to declare her solidarity with Germany when Britain's ultimatum was received, Hitler said. "The Italian people were determined to mobilize immediately," he said, "but the Italian government had not yet allowed Italy's entrance into the war in 1939."

"I did not insist upon it later but Italy carried out her obligation," Hitler said. "I left it completely to the Italian government.

To Tighten Control Over Job Changes

OTTAWA, Sept. 10.—(CP)—New regulations tightening the restrictions on job changes are expected to be announced shortly, it was reported in official quarters yesterday.

Details of the changes are not likely to be made known until complete regulations are issued. The changes have been sent to the more than 200 selective service offices throughout Canada.

"The changes, which will force the forced the capitulation and Italian troops are now being disarmed. British observers believe the action will be taken to prevent the fall of the Badoglio government, which has declared war on Germany, as had been expected."

Workers in other occupations are free to leave their jobs at any time but must obtain a permit to seek an occupation elsewhere. Some permits may be restricted to direct them into certain types of higher priority work.

NEW YORK, Sept. 10.—The surrender of Italy reminds us that Benito Mussolini collapsed almost as quickly, when the going got tough, as Primo Carnera, Italy's only world heavyweight champion. Both were built up by racketeers.

Unquestionably, the war news will dominate American sports. Although the public knows the war is not over, the new optimism—conquest of the Axis—is bound to find a place in a more receptive mood for entertainment. Sports promoters are greasing up their turnstiles.

In the baseball world, the secret of the Italian surrender will prevent the proposed Mediterranean trip of one or two major all-star baseball teams. The players are not sure. When the plan first was considered, our troop concentrations were in North Africa. The picture now is changing.

TOUR OF U.S. CAMPS

HOWEVER, there is a stronger probability that all-star teams may be sent to the Mediterranean, that the major leagues will be permitted to resume training in the south next spring with exhibition games to be played in the post-war period.

Speaking of all-star teams, we are receiving ballots from publicists and sports writers for their picks. We hope to make our picks soon. We hope no one will vote for Harry Heron of the Dodgers in selecting the all-star second baseman.

He has the second best batting average in the National League, .323, and is the only player in the game afield. With Joe Gordon still slumping at bat, we don't see how Heron can miss.

Mackay Sisters Win Out

Kinloch and McManus

Again Garneau Champions

HARRY KINLOCH and Les McManus successfully defended their doubles title when the Garneau Tennis Club when they defeated Jack Thorburn and Jack McIlveen in the tournament final last night 4-6, 6-4, 6-2, 6-1.

Lola and Norma Mackay took the final in the ladies doubles when they beat Mrs. H. H. Hirtle and Mrs. Les (Mrs.) McManus, 6-1, 6-1.

Mrs. McManus was the co-champion in the ladies' doubles with Mrs. C. O. Tanner of the ladies' championship in 1942.

McIlveen and Thorburn had been eliminated in the semi-final by McCallum in the semi-final and they put up a stiffer battle against their more experienced opponents in the final than last night. Their set came close to the net, though preferring to stand of and play better than half of their drives.

The repeat champions from 1942, Lola and Norma Mackay, came back to take three in a row. Kinloch and McManus secured their final beat in the doubles final between Robert McIlveen and Ray Lind to secure their third berth.

The men's singles will be settled at 6:30 tonight when Harry Kinloch meets Les McManus. The championship in the ladies singles will be decided Saturday afternoon, the two finalists being Lola and Norma Mackay.

Mel Ott Given New Contract

NEW YORK, Sept. 10.—(CP)—Gordie Carroll, the Montreal Canadiens' hockey lad, gave Dick Carroll of the Montreal Gazette the most welcome news to the Montreal hockey career. And it was not the sudden souting of the Toronto fans a year ago that happened when Gordie, the boy to whom the Habs turned Drilled as a stickboy for the Ottawa Senators on an exhibition tour, was given a new contract. Gordie was one of their uniforms and it was Gordon's proudest possession. He left the Habs to play for the Bruins the night and that night the rink was destroyed by fire, uniform and all.

"That was the bitterest moment of my entire hockey career," says Gordie.

Incidentally: Glen Harmon, Canadiens' sensational rookie of last season, is expected to be back in the Montreal form if he plays hockey this winter.

Ken (Vancouver) Rogers, the Canadian boxing boxing authority is involved in Canada and suggests the sport will never reach major proportions in the Dominion and the Canadian boxing authority. Coach Ross Trimble of the Dominion football champs, thinks Rogers is right, though ebbing so strenuously over prospects that grid writer Hal Walker dares the team the "Trembling Trimble".

Highlanders Win Horseshoe Title

SOMEWHERE IN ENGLAND, Sept. 10.—(CP)—A sharp-edged team of the Canadian Horseshoe and Gymnastic Highlanders won the horseshoe pitching championship of a Canadian army competition by defeating the Royal Artillery regiment in a sudden-death match after the teams tied for first place. The team, which included D. A. Nicholson, of White Fox, Sask., and W. F. Goulds, Prince Albert, Sask., L. G. Chapman, of Brandon, and J. R. McLeod, Prince Albert, Binn F. J. Walker, Milford, Sask., J. A. Johnson, of Brandon, and D. A. McLean, of Prince Albert, and D. S. McAlister of Ardena, Sask.

No English home is more than 70 miles from the sea coast.

Prospects Not Promising

Reds After Outfielders To Help Out Next Season

CINCINNATI, Sept. 10.—(AP)—What Cincinnati's favorite ball club needs the most of for next year is outfielders who can hit, run, and field, and every single one of the good rookie prospects is either one of these or the other.

The Reds front office, noting that the outfields incumbents only Eric Tripoli is hitting near .300, feel a good .300 man, for .320, is the necessary hard time.

It will be a boon.

So the grayhounds look for a .300 man, and the only one hitting 220 has been hit 45 times for Syracuse in the International and is regarded as one of the best prospects in the minors. He plays second base. So does Lonne Fries.

They also look to Louie Goldstein and Chuck Aleo, both coming up from Birmingham with good reports. Louie plays first base, Chuck is a right fielder. Both are from Frankfort, Ky. Alvin Meener, Alvin plays third and does some Meener.

Scrap collection:

The Camp Wheeler, Ga., Spikes collected \$7,311 for winning the national semi-pro baseball tournament and the total prize money ran to a record \$20,284.

Pauline Blitz, the winningest woman's baseball champion in New York, wins to stay for her master's degree in economics at Columbia. The recent city figure to go \$25,000 into the red, but the crowds Labor Day weekend must be twice as strong as one from Ontario, she says.

The repeat champions from 1942, Lola and Norma Mackay, came back to take three in a row. Kinloch and McManus secured their final beat in the doubles final between Robert McIlveen and Ray Lind to secure their third berth.

The men's singles will be settled at 6:30 tonight when Harry Kinloch meets Les McManus. The championship in the ladies singles will be decided Saturday afternoon, the two finalists being Lola and Norma Mackay.

Eight-Month Province's Mines Yield Total of 4,484,644 Tons From Jan. 1 Until July

Total coal production from Alberta mines for the seven months ended July 31 was 4,484,644 tons, A. A. Miller, chief inspector of mines for the province, said Friday. The figure is 251,888 tons higher for the comparable period of 1942, when 4,232,756 tons were mined.

More Coal

Hon. N. E. Tanner, minister of lands and mines. It was announced Friday that Alberta coal production for the eight-month period ended July 31 showed a large increase over the corresponding period of last year.

With the seven-month total up over the previous year's total, the July production itself dropped from 70,000 tons, Mr. Miller said. Total tons mined in July were 69,000, compared with 62,635 tons mined in July, 1942.

Domestic coal mined in July totalled 236,204 tons, while foreign coal production was 17,088 tons. The figure for July was 6,000 tons, compared with 11,000 tons in July, 1942.

Production in Edmonton fields totalled 31,310 tons in July of this year, compared with 28,414 tons mined in the same month of 1942.

The Lethbridge field increased its output to 11,440 tons in July, while the Drumheller mines produced 182,288 tons, compared with 173,110 tons mined in July, 1942.

Strip-mining output at Tofield shows gains for the month, with 4,440 tons of coal mined compared with 3,179 tons in July, 1942.

At the Hanna strip mines, however, only 2,936 tons were mined, compared with 4,698 tons a year ago.

Oils School Opens For Season Oct. 12

Thirty-first regular fall and winter term of the provincial school of agriculture and home economics at Olds will commence Tuesday, Oct. 12, department of agriculture officials announced Friday.

The school, which is located in the only school of agriculture operating in the province, classes are always filled to capacity. Government officials urge intending students to make application early if they wish to enrol in the school residence is desired. Applications should be sent directly to the school.

Course for this year will include not only subjects allied with agriculture and home economics, also subjects such as a general literature, composition, public speaking and similar studies.

Other courses taken at the school include farm machinery mechanics for boys, and practical projects in sewing, cooking and household administration for girls.

Brought to the city, they were admitted to hospital, where their condition was stated to be satisfactory.

Big Task Seen For Churchmen When War Ends

TORONTO, Sept. 10.—(CP)—Warning that victory in the war would impose grave responsibilities on the Christian church, was voiced by Rev. St. George Tucker, Bishop of Virginia, in an address yesterday before delegates to the annual meeting of the Church of England in Canada.

Dr. Tucker, presiding bishop of the Protestant Episcopal church of the United States, urged an application of Christian motives to national activities. He warned against individual selfishness and said that he was even greater concern.

DIRECT CHALLENGE

Too frequently, he declared, public and other members of the church are far removed from their spiritual responsibilities. There was a direct challenge to the church to see that in the months ahead there should have a direct bearing on its work in the spiritual field.

It was pointed out that we are not fighting to restore to the world only that measure of freedom that we have. The war, the Victor, would give the democracies an opportunity to advance freedom to a point never before attained.

Archbishop Derwyn T. Owen of Toronto, primate of all Canada, told the synod that the bombing of German cities, a神圣 order would require the same kind of sacrificial effort and concentration that went into the prosecution of the war.

In his delegation to the 300 clerical and lay delegates attending the first general synod here since 1906, the primate urged the necessity for a return to the essentials of the Christian faith and the proclamation of the unique character of the good news for all.

Dealing with the church in relation to social problems, the problem of community was one of the

Berlin Claims Italo Battleship Sunk by Planes

LONDON, Sept. 10.—(CP)—A Berlin broadcast reported today that the Italian battleship and a cruiser were sunk yesterday by German bombers between Sicily and Corsica.

The Rome radio quoted by London correspondents as saying that three Italian battleships had left the naval base at La Spezia and were heading toward Allied ports along with a fifth Italian vessel.

The Berlin radio declared in a broadcast recorded by the Associated Press that units of the Italian fleet had been ordered to return to continue their fight "beneath Germany." The report was unconfirmed by other sources.

A subsequent German broadcast heard by Reuters news agency said that Nazi bombers and dive bombers in the Balkans had been ordered to return to the Greek harbor of Patras when they attempted to break out of the area.

The German news agency DNN said in the broadcast that the warships reported back to the Italian fleet following orders from La Spezia and which "on Anglo-American orders was attacking German shipping between Sardinia and Corfu."

Canada: "He continued, "it must be presented in all its wonderful variety and completeness. Our people must be told. This means more money for publicity. I do not mean that it is an invidious sense, but as part of a religious education campaign."

Archbishop Owen urged proper efforts to keep the Christian bodies in Canada and said he looked forward to a place for the Anglican church in the proposed Canadian council of churches.

Gordon Owen, treasurer of the Royal Canadian Legion, will, along with other members of the executive committee, be working this week to put over the big salvage on rubber. The Legion has 100 men urged to donate all their scrap rubber before Sept. 30 and after that date, we are asked to contribute all rubber tires to the campaign to the Greek harbor of Patras when they attempted to break out of the area.

Former Edmonton Resident Killed On Air Operations

TORONTO, Sept. 10.—(CP)—Sgt. Robert Wilson Ogston, 19-year-old air gunner who was born in Winnipeg, has died of injuries suffered in a plane crash in the Balkans, according to information received yesterday by his parents here. Mr. and Mrs. Ogston.

Sgt. Ogston was brought from Winnipeg to Toronto as a prisoner of war, but was released to the service yesterday, being enlisted at Edmonton. He was a member of the Royal Canadian Fusiliers (service) before enlisting in the R.C.A.F. in 1940, at which time he transferred to the air force. He took part in the raid on Hamburg July 25.

Cohen Ousted From National Labor Board

TORONTO, Sept. 10.—(CP)—The cabinet at a meeting yesterday afternoon decided to "minimize Mr. Cohen's influence" on the National War Labor Board," Prime Minister Mackenzie King announced.

Before the cabinet sat at its meeting was a letter from Mr. Justice C. P. McTague, board chairman, which said that Mr. Cohen's attitude was "not in accordance with the principles upon which the National War Labor Board was reconstituted."

Mr. Justice McTague's letter said that Mr. Cohen "cannot be expected to be of much help in the work of the board on the principles agreed upon, in continued association with me."

CAREFULLY CONSIDERED

Mr. Cohen's brief statement said this letter was "carefully considered by the cabinet" in the afternoon session, and that the Toronto lawyer's connection with the board.

Mr. Cohen, the Labor's representative on what has been described by the Prime Minister as a body intended to be conducted as an industrial tribunal.

Mr. Cohen said in a statement last night that Prime Minister Mackenzie King has again demonstrated his desire not to grant to labor any right or representation in the formulation of national labor policy.

In his statement, Mr. Cohen made public an extract from the minority report he has submitted to the government in which he criticizes the wage and condition of labor relations.

The extract he quoted recommended that the National War Labor Board be composed of distinguished representatives equally from management and labor.

The Toronto lawyer's statement follows:

"The prime governments of the prairie provinces have now terminated their mandate that I have terminated my membership on the National War Labor Board.

I am writing to you, the chairman of the National War Labor Board (Mr. Justice C. P. McTague), as to the present and future status of the trade union movement in Canada during the past several weeks that I have been a member of the National War Labor Board and to publicly declare my position in connection therewith."

I yielded, however, to representations from the chairman and from the leaders of the trade union movement that I should not resign. The order-in-council which has just been passed has finally been rescinded.

I now reaffirm the position taken by me in a statement issued earlier, that "the trade union movement in Canada is the natural expression of the labor and the labor's interests and the interests of the present administration."
